Kergosien Still Leads In Contest

A close race for "Miss Centennial" Queen currently is featuring the contest whose winner will receive an expense paid vacation to Florida, or \$300 in cash.

Front-runners in the contest according to the vote tabulation Tuesday are Kinta Kergosien, first; Jackie Tallac second and Katherine Blum third. Others in order of their standing are:

Pat Pitalo, Donna Hoeber, Kathleen Herlihy, Dianne Souzeau, Pearl Pernicelli, Myrna Quarterman and Martha Blaise (tied), Gayle Parker, Regina Moran, Jeanette Fonti, Harriet Ward, Katherine Treutel, Margaret Moreau, Carolyn Morrales, Glenda Johnston, Pat Hille, Caroline Maurigi.

Winner of the contest will be named at the "Miss Centennial" Queen's Ball to be held August 2nd. Ten other young ladies will be chosen as Princesses, and they and the Queen will be presented nightly in a Coronation Ceremony at the historical pageant "Bay St. Louis Story," August 4 through 9th at Stanislaus Stadium.

Post Office Department Starts Issue Of New Stamps And Postal Cards

Postmaster Andy Becker has said that they will have on hand for sale postal cards, stamps and stamped envelopes to meet the new postage rates which go into effect August 1.

Becker stated that the Postoffice Department has started to issue some of the new stamps and postal cards, the regular 4 cent stamp bearing likeness of Abraham Lincoln, which will meet the new first-class letter rate of 4 cents an ounce, are being received. There will also be issues of special and commemorative stamps in four cent denominations.

The new "Champion of Liberty" stamp, honoring Simon Bolivar, the South American liberator, will be on sale at the local office July 25, in four cent denominations. The eight cent stamp is to be used in international mail.

Supplies of new seven cent air mail stamps, replacing the six cent ones, three cent postcards replacing the two cent cards, five cent air mail postal cards, replacing the four cent air mail cards four and seven cent stamped envelopes, are expected in time for the change of rates.

"Picture" post cards will require three cents postage for surface transportation and five cents for Air Mail.

Becker added that old supplies of three and six cent stamps, three and six cent envelopes and two and four cent postal cards could be used after the new rates went into effect, by adding an ordinary one cent stamp.

CENTENNIAL NOTES

A true "Pageant of Colors" will be presented to audiences at the Centennial Pageant-Spectacle "Bay St. Louis Story," in the form of an unusual fireworks display in the grand finale to each nightly performance.

The Prop Committee, headed by A. P. Jones is desperately looking for many items to be used in the pageant. Getting the historical pageant, a carriage, buggy and survey, are the biggest problems.

Construction of the mammoth 250-foot set and stages for the pageant-spectacle will begin Saturday at Stanislaus Stadium. The Construction Committee, chairmaned by C. C. McDonald, Jr., expects to complete construction, electricians, stage crew, and prop committee will begin their duties of arranging the lights, sound system, props, decorations and other equipment required for the huge show.

Mrs. George Seuzeneau, Centennial Chairman, reports that many men and high school boys are urgently needed for parts in the pageant, "Bay St. Louis Story." At least six "floor-stomping" couples are needed for the Virginia Reel dance, a feature of the pageant depicting the coming of the railroad. Ten boys or men are required for the Civil War scene to be Confederate Soldiers, and eight men to act as the first French explorers in this area, have not yet been cast.

CLETA KAY MILLER WRITES OF HIGHLIGHTS OF CANADIAN TRIP

In a recent letter to her parents, Mr. and Mrs. Paul M. Miller, Cleta Kay, of Mariner Troop 1, who was one of the four girls from the United States chosen to represent Girl Scouts at the Girl Scout Encampment of Canadian Girl Scouts at Prince Edward Island, told of some of the highlights of her trip enroute to Canada.

In Washington, along with the scout from Winnebago, Ill., and the two Filipino girls, who are making the trip to Prince Edward Island, Cleta was shown some of the interesting spots. Since one of the Filipino girls was a Moslem, they went to the Islamic Center, but were not allowed to go in as the Shah of Iran was expected at the time. They were there on his arrival.

Pictures were made of the girls for distribution in the states and some for television, but Cleta Kay, at the time, did not know when or where they would be shown.

In Montreal they were greeted by the Mayor and had dinner at one of the larger restaurants. In the afternoon they went on a two hour tour of the city, enjoyed swimming at the Y and went shopping. Their next stop after leaving Montreal, was New Brunswick, and Moncton, the Prince Edward Island. Leaving the Island July 13, Cleta Kay gave her next address as Cornerbrook, New Foundland. She added that in her group there was a girl from Ireland and the leader was from Wales. They are camping in four groups of 25 girls in each. In each group there is one American, one Britisher and two leaders.

They are housed in tents. Each makes up a patrol, which performs some of the numerous duties of daily life on a campsite.

The girls were entertained by the government of Prince Edward Island at a lobster dinner. The Premier, Provincial of Boy Scouts and Provincial Commissioner of Girl Guides, attended the dinner.

A day of sight-seeing was spent in Charlottetown. They visited All Soul's Chapel in St. Peter's Cathedral and the Provincial House where the Canadian Confederation agreement was first discussed.

They were also guests of the Rotarians and of the Lieutenant Governor's wife at a tea and of the racing association at the sulky races.

Cleta Kay is expected home the latter part of the month.

PUBLIC KANGAROO KOURT TO START ON THIS SATURDAY

Committee, headed by Ray Prosser, announced that all its Key-Stone Kops will be on the look-out this week for violators of the Brothers of the Brush and Centennial Belles regulations.

The "Koppers" will give out summons to men who have disregarded the growth of foliage on their faces, to men and women who fail to wear official badges and headgear, and will issue warnings to the "uncooperative."

A special Kangaroo Kourt jail is being constructed and will be located in front of the Courthouse, where the first session will be held Saturday morning at 10:00 o'clock. An old fashioned torture device, the "stocks" as well as other "convincers" such as dunking trough, squirt gun, meringue pies will be "standard equipment" to mete out punishment to those residents not boosting the Centennial Celebration according to Kangaroo Kourt Rules.

The court is eager to swing into session, so beware violators, rough sentences are in the making.

The engagement of Miss Cope of Lander Creek, New Orleans, and Harry Kepner, Jr., son of Mr. and Mrs. S. K. Kepner, of Bay St. Louis, was announced at an engagement party July 8, 1972, at the home of Mrs. W. H. Gaudin, Jr., of Bay St. Louis. The party was given by Mrs. W. H. Gaudin, Jr., and Mrs. W. H. Gaudin, Sr., of Bay St. Louis. The table was set with a holiday colored cloth, was decorated with an arrangement of bright summer flowers.

Is Life Preserver Necessary?

Drowning is of course, only one of many kinds of fatal accidents. Mr. Rester continued. It accounted for 20.6 per cent of such accidents in Mississippi. Machinery was first, causing 26 per cent of all fatal accidents on farms, in the state.

We are very fortunate in that we do not have a single farm fatal accident for Hancock County from latest figures.

Other causes of fatal accidents in Mississippi, according to these figures, included firearms, 12.5 percent; blows, 8.4 percent; burns, 8.9 percent; lightning, 8.1 percent; animals, 8.1 percent; electric current, 3.2 percent; falls, 2.9 percent; and all other causes, 8.4 percent, Mr. Otto Rester said.

For the first time in nine years a family reunion held last week brought all the members of the Alfred Bourgeois family on Waveland Avenue together. Not since 1949 have all the sons and daughters of this long established family of Waveland been together at the same time. Those who gathered to talk over the events of the past years were Mr. and Mrs. Guy Drew and children, Mr. and Mrs. Wesley Bourgeois and children, Mr. and Mrs. Morris Bourgeois, all of New Orleans; Mr. and Mrs. Clifford Bourgeois of Memphis, Tennessee; Mr. and Mrs. Leroy Bourgeois and children, of Las Cruces, New Mexico; Mr. and Mrs. Ray Michael Bourgeois and children of Lakeshore; and Mr. and Mrs. Lloyd Bourgeois of Waveland.

Following the visit with his family Ray Michael Bourgeois and his family will journey to Norfolk, Virginia, where he will be stationed with the U. S. Navy, and will await his orders which will take him to Italy.

A surprise shower Sunday, honoring Miss Barbara Ann Villere, daughter of Mr. and Mrs. Mel Villere of Waveland, was a delightful event of the week. Barbara Ann will be married August 9, with church services at St. Clare's Catholic Church on Waveland's beach. She is to become the bride of W. C. Lawson, of Birmingham, Alabama. The shining blue and silver trailer parked just across from the depot will be the home of the young couple after their honeymoon trip.

Hostesses for the shower, which provided the young honoree with many beautiful gifts, were Mesdames Mary McCall, Vivian Giordano, G. Collier and F. Favre.

Mr. and Mrs. James McConnell left during the week for Baltimore, Maryland, where they will visit friends. The states of Maryland and Indiana will also be on their itinerary.

Miss Hilda Russell and some of her friends from New Orleans, spent the weekend with Hilda's parents, Mr. and Mrs. Adam Russell.

Mr. and Mrs. Ott Brockman and children, of Hattiesburg, Mr. and Mrs. Thos. H. Brockman, Sr., and Miss Lynne Hall, are enjoying a short vacation in Florida. They plan to enjoy the beautiful beaches at Fort Walton and Pensacola.

Sympathy is extended to Mrs. Arthur Bourgeois and her two sons upon the sudden death Monday of Mr. Arthur Bourgeois.

Sympathy is also extended to the relatives and friends of Mrs. Anna Roussel whose sudden death was a great shock to all who knew her. Interment was in New Orleans.

Welcome to Waveland is extended to Mr. and Mrs. O. J. O'Donnell who have recently purchased a home on Sobral Street.

In between the showers a few fish have been caught. The water up the river isn't too bad, however. Some nice fresh water fish are being caught on the fly rod and with dead bait.

An unusual catch was made this week by S. K. Kepner, of Bay Oak Drive, locally, who caught a 74 pound gar fish, 6 foot long, he was using a 60 pound test line. Kepner said it was quite a thrill landing the fish, which was caught along the Railroad Bridge. You have evidently saved the lives of many fish by destroying this monster, S. K.

Eddie Deloit and Mrs. and Mrs. Maubert on vacation here have been doing quite a bit of fishing they go out most every day and said they have been catching them off the Highway Bridge.

Wayne Alliston has been catching some nice fresh water fish lately. Wayne is an ardent fisherman and loves to catch them as well as feed them to his guests.

Alden Mauffray says it is hard to do most any kind of fishing, golfing, etc., since his operation. You'll get around to it soon, Alden.

Mr. and Mrs. Harry Ward who loves fishing, has been doing a job catching them. Harry who is on vacation usually gets his share. He says the family loves 'em too!

Teddy Stechmann, who is enjoying his vacation spends most of his time fishing. He said he has been doing pretty good.

Not many reports are coming in regarding soft crabs and flounders. There still must be some around. A try won't hurt.

Wonder if the dredging out front will affect soft crabs and flounders? We will have to wait and see, it might help.

Luke Elliott who has been on a vacation trip to Virginia, writes that he has been enjoying some pretty good fishing up thataway!

Seems like shrimp are improving. Reports of some good catches have come in. Won't be long before they'll be coming in ships. The rules made by the dredge out front should make some good shrimp grounds.

Foresters' Workshop To Be Held July 19-20

**Alaska Must Now
Ratify Statehood Status**

Washington — Statehood for Alaska now is up to the Alaskans themselves. And President Eisenhower almost forgot it.

He signed the Alaskan statehood bill Monday and commented: "Okay, now that's 49 states." But he quickly corrected himself and said, "No, maybe we don't do that until the plebiscite."

That was a reference to a provision in the bill requiring all Alaskans to vote whether they accept immediate statehood and terms of the bill itself.

Voting on acceptance, plus election of national and state officials, are the last remaining steps before issuance of a presidential proclamation—probably in December—formally admitting Alaska to the union.

Eisenhower urged Congress anew to admit Hawaii as a state during this session.

"I personally believe that Hawaii is qualified for statehood equally with Alaska," he said.

COMPETITION OF HARDWOODS AND PINES STUDIED

State College, Miss. — Where hardwood stands are clearcut followed immediately by pine seedlings, how well can the small pines compete with the sprouting hardwoods? Which pines will stand the hardwood sprouts out from around them and which can make it on their own?

The Mississippi Agricultural Experiment Station seeks the answer to questions like this in a study at the Pontotoc Branch Station where B. C. Hunt, Jr. is superintendent. Here hardwoods were girdled or felled in 1952 and loblolly pine seedlings were planted a few months later.

At the end of the 1955 growing season 150 pines, representing a broad range of competitive situations, were selected and staked. Records were made of the height of the pine, direction and distance to competitor, species, number of sprouts and height of competitor, etc.

Growth of the stalked pines is measured annually and it's planned to continue the study until all pines have either definitely overtopped the hardwoods or have been killed by them.

A few preliminary observations have recently been reported by Dr. E. G. Roberts of the Forestry Department at Mississippi State University. For the last two growing seasons the pines have been growing more rapidly than their hardwood competitors. However the rate of height growth for all species except post oak is slowing down. Pines that were taller in 1955 have tended to increase their lead over the shorter pines.

"While it is too early to draw conclusions to make recommendations, the observations indicate that surely many pine seedlings can overcome some height disadvantages with hardwood sprouts," Dr. Roberts says.

The complete report is published in the July issue of Mississippi Farm Research available on request from the Experiment Station at State College.

Mississippi Farm Families Are Urged To Observe Farm Safety Week

The Mississippi Safety Council today joined the Mississippi Farm Bureau in urging Mississippi farm families to observe Farm Safety Week, July 20-26.

John C. Underwood, safety council president, stated from the Council headquarters office in Jackson that, "Farm Safety Week is a national observance proclaimed by President Dwight Eisenhower as an important phase of nationwide safety emphasis. Mississippi as one of the leading farm states in the nation," further stated Underwood, "should take special note of the primary causes of farm accidents."

Underwood stated that, "The Mississippi Farm Bureau reports the primary causes of farm accidents in Mississippi in order of their occurrence are, farm machinery accidents, drownings, fire-arm accidents, burns, and accidents involving farm animals."

Future Plans For National Foundation of Infantile Paralysis Made For July 22

Announcement of the long-anticipated future plans of the National Foundation for Infantile Paralysis will be made on July 22 according to Dr. Felix J. Underwood, State Chairman of the March of Dimes organization.

The initial announcement will be made through the medium of closed circuit television when President Basil O'Connor and Foundation Medical Director, Dr. Thomas M. Rivers, will make a first-hand report to County Chapter and March of Dimes volunteers.

The broadcast, set for 1:30 P. M., CST, can be seen only at special viewing places. For Mississippians the telecast may be viewed at either the Heidelberg Hotel in Jackson, King Cotton Hotel in Memphis, or St. Charles Hotel in New Orleans.

With the Salk vaccine and the conquest of paralytic polio in sight the National Foundation now plans to direct its vast organization to the solution of other unsolved disease problems.

The National Foundation will continue its polio work, and in addition will carry 20 years of successful experience as a voluntary health organization into some new disease areas.

The July 22 announcement will explain the new program.

Dr. Underwood emphasized that all chapter and March of Dimes volunteers are invited to attend the closed circuit telecast. "This will be a historic day in the fight against disease," Dr. Underwood stated. "The general public is most cordially invited to attend the announcement broadcast."

County Accidents NOTES

QUALITY HAY FOR DAIRY CATTLE

Even on the best pasture available, dairy cattle of all ages need some good quality hay 12 months of the year. And they will eat it too, if the quality is right.

For a hay to be considered of high quality for dairy cows, vegetation, from which the hay is made must be well fertilized, immature and fine stemmed.

The hay should be short, fine, soft, pea green in color and high in feed nutrients. This can be a pretty large order when hay is saving must depend on natural curing. A hay conditioner, or stem crusher, this machine will help you greatly in saving quality hay.

STATES MINES SETS RECORD

Mississippi's total record in mining 1957. The state produced \$122,620,000 worth of minerals for 1957. This was a record for the state since 1947. The increase was due to higher values for particularly coal and natural gas. Natural gas liquids, an increase in gravel declined and increased slightly in value.

MORE TREE-FARMING

Mississippi, who has a reputation for topsoil, has a certified tree farm ahead to meet the demand for new tree farms. The present list of tree farms is a list of privately owned timberland dedicated to the production of commercial forest products.

Corr-Genin Wedding Solemnized Saturday, At Our Lady Of The Gulf

MR. AND MRS. DONALD CORR

The marriage of Miss Janet Marie Corr, daughter of Robert L. Genin, and the late Mrs. Genin, and Donald Corr, son of Mr. and Mrs. Owen Thomas Corr, of Bay St. Louis, was solemnized Saturday morning at 11 o'clock, at a Nuptial Mass.

The double ring ceremony was performed by Reverend Father Adrian Mercier in Our Lady of the Gulf Catholic Church. Professor Joseph Hemmersbach played the traditional wedding marches.

Given in marriage by her father, the bride wore a waltz length gown of Chantilly lace over taffeta and a form fitting bodice. The scalloped neck line was embroidered in seed pearls and iridescent sequins. Her finger-tip veil of illusion was held in place by a band of pearls and iridescent sequins. She carried a white missal topped with an arrangement of white roses centered with a white orchid.

Miss Helen Genin, was her sister's maid of honor and Mrs. Roy L. Brignac, sister of the groom, was matron of honor. Miss Genin wore a pale pink ballerina length gown, fashioned on princess lines with a back yoke of deeper pink taffeta, the draped yoke ended at the waistline with a bow and skirt length streamers. She wore matching satin slippers and a small straw head band with a face veil. The attendants carried cascade bouquets of Killian daisies. Mrs. Brignac's gown, in two shades of blue, was identical

to that worn by the maid of honor. Gerald O. Corr, served as best man and Lee Coster, uncle of the bride, was groomsman. Ushers were Robert Corr, Otto Bourgeois and Robert Genin, Jr.

A reception followed at the home of the bride's father. Mrs. Corr chose for her son's wedding a pink lace dress over taffeta, worn with a pink picture hat and white accessories. A white rosebud corsage completed her attire.

The bridal party was assisted in receiving by Mrs. Corr, and Mesdames Paul Leitz and Alvin Genin, cousins of the bride.

The bride's table was covered with a linen cutwork cloth it was centered with a five-tier wedding cake, surrounded by white pom-pom chrysanthemums and fern, flanked on either side by silver candelabra holding white tapers. The reception rooms were adorned with arrangements of magnolia leaves, white gladioli and majestic daisies.

Mesdames Roy Craft and Mildred Blaize presided at the punch table and Mrs. Douglas Bourgeois cut and served the cake.

For traveling the bride wore an aqua linen chemise style dress with white accessories and a white orchid corsage.

On their return Mr. and Mrs. Corr will make their home in an apartment on Highway 90.

Mrs. Corr, a graduate of St. Joseph Academy, is employed at the Monitor Panel Company. Mr. Corr, a graduate of Bay H. is employed at the Coast Electric Power Association.

Path of Glory To A & G Theatre This Sunday And Monday

One of the finest, if not the finest, war films ever made opens at the A & G Theatre, through United Artists release, Sunday and Monday, July 20-21.

The picture "Path of Glory" is based on the sensational novel by Humphrey Cobb, which deals with the reality of generals and the senseless punishment of those soldiers who have been in the line of fire. Starring in the film which was directed by Stanley Kubrick and produced by James B. Harris, are Kirk Douglas, Ralph Meeker and Adolphe Menjou, with George Macready, Wayne Morris and Richard Anderson in support roles. The only girl in the film is played by a lovely young German actress named Susanne Christian, who makes her American film debut in the picture.

A grim, bitter and powerful drama of war, it has been handled with skill and forcefully directed. The acting throughout is brilliant. The story is told with grim anger and realism. The eye of Mr. Kubrick's camera bores into the minds of scheming men and the fears of the men who have to accept orders to die.

Kirk Douglas is cast as a colonel in a battle-weary battalion whose troops are given the impossible task of capturing a German stronghold on the Western Front in 1915. When they wither under the German fire-power, the French General (George Macready) orders that three men be selected and court-martialed as disciplinary examples for the rest of the men. Douglas is abhorred at the action, and elects to defend them at the trial.

It is truly an eloquent film, and everyone connected with it deserves the highest praise.

"Raintree County" To Be At A & G Theatre Sunday, Monday - Tues.

Filmation of the prize-winning novel by Ross Lockridge, Jr., M-G-M's "Raintree County" stars Montgomery Clift, Elizabeth Taylor and Eva Marie Saint, with Nigel Patrick and Lee Marvin in co-starring roles and with a cast of 119 players in speaking parts and thousands of extras.

Producer David Lewis and Director Edward Dmytryk took their army of players and technicians to location sites in Kentucky, Tennessee, Louisiana and Mississippi to capture in color the true background of the story of America in the period before, during and after the Civil War, in action which brings to the screen stirring and spectacular entertainment.

Not only in this epic drama of America, covering a six-year period from 1859 to 1865, the most expensive production in M-G-M's domestic history, it is also the first picture to utilize the vast dimensions of the studio's new Camera 65, dubbed "The Window of the World." The revolutionary process brings to any theatre screen, regardless of size or

Legion Theatre To Present "High School Confidential" July 24th Through 27th

"High School Confidential" presents a frank and hard-hitting drama of a problem currently in newspaper headlines, that of the narcotics traffic among high school teenagers.

An Albert Zugsmith Production for M-G-M, the picture stars Russ Tamblyn, an Academy Award nominee for "Peyton Place," Jan Sterling and John Drew Barrymore, with guest stars Mamie Van Doren, singing Jerry Lee Lewis, Ray Anthony in his first dramatic role, Jackie Coogan, Charles Chaplin, Jr., and Diane Jergens as Joan Stables.

Based on a screen play by Lewis Meltzer, who wrote the screen play for "Man With the Golden Arm" and Robert Bresson, "High School Confidential" was directed by Jack Arnold, who has keyed his topical drama with top-notch and such sequences as a hot-rod race, a switchblade knife incident and a climatic night club gun battle.

The story tells of the addition to marijuanna by high school students, the manner in which the "weeds" are obtained and distributed, the tragedy of teenagers driven to drastic measures to buy them, the ignorance of their parents, and the fight of school authorities and police to track down the dealers and "pushers."

Jerry Lee Lewis, whose recordings of "A Whole Lot of Shakin' Going On" and "Great Balls of Fire" are best-sellers, sings the main title song.

shape, a remarkably improved image unequalled for clarity, depth perception and lack of distortion.

It is utilized to important effect in covering the panoramic sweep of "Raintree County" in a story ranging from the farmhands of Indiana to the ante bellum plantations of the South; from the French Quarter of New Orleans to war-torn Indianapolis. Its historic events begin with the celebration of Abraham Lincoln's elec-

MRS. AUSTIN DURHAM

In a recent ceremony at St. Michael's Episcopal Church in Chickasaw, Ala., Miss Jo Ann Lena Smith, daughter of Mr. and Mrs. William H. Smith of Chickasaw, became the bride of Terry Austin Durham, son of Mr. and Mrs. Terry O. Durham of Mobile, Ala.

Given in marriage by her father, the bride wore an ante bellum nylon tulle gown, the skirt of which was encircled with lace embroidered with sequins. The sweetheart neckline was edged with seed pearls and her finger-tip veil of illusion was attached to a coronet of pearls. She carried a white orchid on a white prayer book.

Miss Billie Joyce Smith was her sister's maid of honor, and brides-

maids were Misses Annettegett, Carolyn Till, Mary Warwick and Mary Kay O'Connell. Their gowns of pink organza were worn with pink ante-bellum tulle hats. They carried white bouquets of green

Franklin Durham was best man, and the groomsmen were Yancey, Worley Ballard, Sam Lett and Donald Durham. Charles Williamson, Jr., was ring bearer and flower girls were Julie and Pat. Witness Tereta Durham and Nora Hisham.

A reception was held on the lawn of the church.

Mrs. Durham, niece of Mrs. H. A. Farr, is a frequent visitor in Bay St. Louis.

LEAVE FOR OHIO

Charles Breath, Jr., left Monday on a business trip to Sandusky, Ohio. He was accompanied by his daughter, Mrs. Donald Coffey and her young son, who will spend two weeks as the guest of her mother-in-law, Mrs. Phillip Britton, in Cleveland, Ohio. Mr. Coffey is in Texas on a business trip.

tion to the Presidency in 1860 and reach their climax with the Battle of Chickamauga and Sherman's devastating March to the Sea.

Against this surging backdrop is told the story of young Johnny Shawnessy (Montgomery Clift) and what happens to him and the two girls in his life, his childhood sweetheart, Nell Galtner (Eva Marie Saint) and the beautiful New Orleans belle, Susanna Drake (Elizabeth Taylor), whom he marries.

HAS "BON VOYAGE" PARTY

Miss Sue Breath entertained at a Bon Voyage shower last Thursday at her No. Beach home for Miss Patty White, who will sail for Europe July 25.

Arrangements of pink flowers were used in the reception room and the other decorations and refreshments were carried out in pink. Her gifts were presented in a pink boat with a pink sail. Twenty-two of Patty's friends were on hand to wish her "Bon Voyage."
